AHERA NOTICE

The purpose of this notification is to make parents of registered students, faculty and staff aware that Council Rock School District engages an environmental consulting firm regarding compliance with the requirements of the Asbestos Hazard Emergency Response Act (AHERA), 40 CFR Part 763 Subpart E. This law requires that each Local Education Authority (LEA) engage EPA accredited individuals to inspect all student and staff accessed areas for the presence of both friable and asbestos containing materials (ACM) and to maintain an Asbestos Management Plan as a result of the building inspection. The management plan provides a description of the amount, type, location and condition of all ACM found in each building within the district. The plan also contains a detailed schedule of responses and activities for handling the ACM. Council Rock School District is in compliance with all deadlines and has submitted reports and documentation to the designated state agency. The School District's Management Plan is available for review by interested parents, faculty and staff in the school offices during business hours.

Statement of Equal Opportunity

Council Rock School District is an equal opportunity education institution and will not discriminate on the basis of age, race, color, national origin, sex or disability in its activities, programs or employment practices as required by Title VI, Title IX and Section 504 and the American with Disabilities Act (ADA). For information regarding civil rights or grievance procedures, contact the Director of Human Resources. For information regarding services, activities, and facilities that are accessible to and usable by disabled persons contact the Director of Special Services, at the Council Rock Administration Offices, 30 North Chancellor Street, Newtown, PA 18940, (215) 944-1000.

Nondiscrimination in School and Classroom Practices

Council Rock School District provides an equal opportunity for all students regardless of race, color, age, creed, religion, sex, sexual orientation, ancestry, ethnicity, national origin, marital status, pregnancy or handicap/disability through the programs offered in our schools. The equitable distribution of District resources is one means the District shall use to ensure all students receive a quality education. Students and third parties who believe they have been subject to discrimination are encouraged to promptly report such incidents as set forth in Policy 103. Incidents should be reported to the District Compliance Officer: Mr. Barry Desko, Director of K-12, 30 North Chancellor Street, Newtown, PA 18940 e-mail: bdesko@crsd.org.

Communicating with Parents and the Community

Emergency Notification System

Council Rock School District uses an emergency contact system, SchoolMessenger, to inform parents of important information broadcasted to home and cell phones. In the event of a low priority emergency, such as school closings due to weather only the home phone is used. In the event of a non-routine emergency, such as school closings during the school day or other event, all phone numbers on record will be called. If your home or cell phone number changes, please contact your child's school office to provide this updated information as contacts are derived from our student information system.

eFriday Folders

Council Rock uses our district web site to post information from schools, our school district, and this community. This parent portal is called efriday folders. You can access the links to the community pages, district page, and school page on the Council Rock web site; www.crsd.org.

CR News

The district publishes a regular Listserv to email addresses of parents and other community members. This publication, CR News, provides a snapshot of school and district information along with relevant links to our website. Archived copies of our Listserv can be viewed at this [LINK](#). If you are not already a subscriber to this listserv, you can add or modify your email address by following the instructions on the home page of the district website at this [LINK](#).

CRTV

Information on Council Rock events, replays of the meetings of the Council Rock Board of School Directors, and other community related broadcasts are available on CRTV. You can access our cable channel on Comcast Channel 28 and Verizon Channel 44.

Emergency Closing of Schools

Schools will not be open when, in the considered judgment of the administration and the transportation staff, it is too dangerous for buses to travel. If conditions warrant, the announcement may indicate that school may open one or two hours late. Conditions sometimes warrant an early dismissal from school, for either snow or excessive heat. It is imperative that prior arrangements be made for young children in the event that they arrive home and find no one there. If school is to be closed or delayed, announcements will be made on all major radio and TV stations in Philadelphia. In addition, messages will be sent using the automated system referenced above. All closing information will be placed on Council Rock's website and on CRTV.

PARENT INFORMATION

ACCEPTABLE USE OF COMPUTERS

All students and staff are required to act in a responsible, ethical and legal manner when using school computers. The policy prohibits the destruction, modification and/or abuse of computers, hardware, software or data. It also states that the violation of security could lead to revoking the right of computer use. Anyone found guilty of damaging equipment, software or files will be held financially responsible and face the disciplinary action taken in regards to vandalism. Also, illegal use of computers or computer networks will be reported to the appropriate legal authorities. A full copy of the Council Rock Acceptable Use Policy, [Board Policy 815](#), is available at this [LINK](#).

CELL PHONES

Council Rock recognizes the continued need for student cell phone use; however, cell phones are not permitted to be used during the school day. Moreover, the presence of a cell phone during any testing setting in our high schools is considered a violation of our Academic Integrity Policy. We encourage parents to discuss acceptable use of cell phones with your child. The school district's full policy on cell phones is outlined in [Board Policy 237](#).

ATTENDANCE

The school laws of Pennsylvania require every parent, guardian, or other person having control or charge of a child or children between the ages of eight and seventeen to send such child or children to school. Once a parent elects to send his child to school, the child must attend continuously until seventeen years of age, has graduated from a senior high school, or has secured legal employment at age sixteen.

Resident children may be enrolled in kindergarten provided they have reached the age of five years on or before September 1. Children shall be admitted to first grade provided they have reached the age of six years on or before the first day of September.

Change of Address, Phone Number, Email

Parents are requested to contact Central Registration to change their address and/or phone number. Email address should be changed through Home Access Center. In the event of an emergency, this information is invaluable.

Request for Student's Early Excusal from School

Parents or guardians who desire to have their children excused early from school during the instructional day will be requested to do the following:

The parent or guardian must report to the principal's office or in the high school, the attendance office, to request that his/her child be excused. If the parent or guardian has arranged for a friend or relative to call for his/her child at school, the former should telephone the school introducing the friend or relative, or see that an early excusal note signed by the parent or guardian, accompanies the friend or relative. In the latter case, the phone number where the parent can be reached should be included in the note.

[Click here to return to
Table of Contents](#)

Exception to Procedure:

In order to have a high school student who drives to school excused early, a note requesting same and stating the reason, time of excusal, and signed by the parent or guardian must be presented by the student at the assistant principal's office. The student will then be permitted to leave school at the specified time.

Upon his return to school, the student must present a written excuse signed by his parent or guardian. The note must clearly indicate the reason for absence.

ABSENCE

Any child who is absent from school must present a written excuse signed by the parent or guardian, upon his/her return. The note must clearly indicate the reason for absence. The school will classify an absence as excused for one of the following reasons only:

- Illness
- Death in the immediate family
- Quarantine
- Exceptionally urgent reasons (will be used only in such unavoidable absences as affect the welfare of the child directly and not for the convenience of the parent)
- Religious observances WITH prior approval
- Tutorial work
- Educational tours or trips WITH prior approval (not to exceed five days per year)
- Health care

Religious Observation

For full or part-time absence of a student to observe a religious holiday, it is necessary that a written request for absence be presented to the school prior to the religious holiday(s). Under these circumstances, the student will not be deprived of eligibility to compete for any award.

Educational Tours or Trips

Requests by parents/guardians for permission to have children absent from school for educational tours or trips must be made to and processed by the principal or his/her designee. The request must be received by the principal at least ten (10) days prior to the anticipated absence. ***The total number of approved days of absence shall not exceed five (5) days in a given school year.*** Days exceeding these guidelines shall be considered unlawful and/or unexcused. The parent/guardian must assume the responsibility for checking with the principal or his/her designee, at least one (1) week or more if possible, in advance of the trip, to ascertain the present scholastic standing of the child in the class. The student shall be held responsible for making up missed assignments.

Tutorial Work

Upon written parental request, a student may be excused during school hours for the purpose of receiving tutorial instruction in a field not offered in the district's curriculum. The excused absence shall not interfere with the student's regular program of study and the qualifications of the instructor shall be approved by the school district.

[Click here to return to Table of Contents](#)

Health Care

Upon written parental request, a student may be excused during school hours for the purpose of obtaining professional health care or therapy service.

Unexcused or Unlawful Absences:

All absences for reasons other than those cited above will be considered as “unexcused.” All “unexcused” absences for students under the age of seventeen are also recorded as “unlawful.”

The student and parent/guardian will be notified of a first and second unexcused/unlawful absence. When a student accumulates three days of unlawful absence in a school year, the principal shall send an official “first offense notice” to the parent/guardian and a copy to the Director of Special Services. In addition, a “Truancy Elimination Plan” will be developed to improve student attendance. For each incident of unlawful absence after the first notice has been sent, the principal may direct the attendance officer to issue a second offense citation to the parents/guardian of the student and file a complaint with the District Magistrate. The principal or designee and the attendance officer shall attend citation hearings as scheduled by the District Magistrate.

EMPLOYMENT (WORKING) PAPERS

All persons under eighteen years of age (with the exception of golf caddies, newsboys and those who have graduated) are required by the Pennsylvania Child Labor Law to have working papers for all types of employment at any time of the calendar year (including summer vacation). Employment (working) papers may be obtained from the high schools.

HARASSMENT/DISCRIMINATION POLICY

NOTICE TO STUDENTS AND/OR PARENTS OR LEGAL GUARDIANS

The elimination of improper conduct, including harassment, is a high priority for the School District. It is the established policy of the School District to prohibit all forms of improper conduct, including harassment. A copy of the School District’s policy on harassment/discrimination is available on the web as contained in [Board Policy 218.8](#). Copies of this policy are available in school offices.

All students are subject to the prohibitions in the policy and are protected by it. If students and their parents/legal guardian believe that they are the victim of harassment or any other form of improper conduct, or if students observe what they believe to be harassment or any other form of improper conduct, they are urged to report it to any teacher, guidance counselor, nurse, school principal or administrator in the school district. Complaints will be properly investigated in order to take prompt and effective action to eradicate improper conduct.

BULLYING. Consistent with the school code and good practice, Council Rock has a separate policy that addresses the issue of bullying and cyberbullying. [Board Policy 249](#) prohibits bullying in Council Rock Schools.

Medical Examinations	Kindergarten or First and Grades 6 and 10
Dental Examinations	Kindergarten or First and Grades 3 and 7

The district recommends that all medical and dental examinations be administered by the family physician and dentist since they can best evaluate your child's health and assist in obtaining necessary treatment and corrections. Anyone not seen by their private physician or dentist for the mandated medical and dental examinations will be scheduled to be seen by the school physician and dentist. All students who are entering Council Rock schools as transfers from other school districts are required to have current medical and dental examinations. The school nurse is responsible only for the emergency care of injuries and sudden illnesses that occur while the student is in school. The nurse is not available to diagnose or treat students who come to school with injuries or illnesses except in special cases under medical care and with the physician's written orders. When at all possible, parents are responsible for transporting the ill or injured student to his/her home, the doctor or the hospital.

Medications

Prescribed medications which are necessary for the health of a child may be administered during the school day. It is recommended that, whenever possible, all medications be administered at home by the parent or guardian. The first dose of any new medication should always be administered at home to ensure close observation for any adverse reaction. If your physician decides it is necessary for your child to receive a medication during school hours, the parent or guardian may request that the school nurse administer the physician prescribed medication at scheduled times. The following school district policies apply to all medications brought to school:

The "Permission to Administer Medication" form must be completed and signed by the physician and parent or guardian. This form must be signed for both prescription and over-the-counter medications.

Medication must be sent to school in the original pharmacy container with the current prescription label. Upon request, pharmacists can prepare a duplicate container to be used for school.

Important: All medications including prescription and over the counter medications must be brought directly to the health office by the parent, guardian, or a responsible adult designated in writing by the parent or guardian. The medication must be accompanied by a written prescription from the physician. Students who have prescribed or over the counter medications of any kind, including asthma inhalers, Epi-pens, Insulin, Tylenol, Advil, Cold medications, etc in their possession (in lunch boxes, school

[Click here to return to Table of Contents](#)

bags, purses or lockers, etc.) may be considered in violation of the school district drug and alcohol policies and may be subject to disciplinary action. All emergency medications carried by students must have the necessary physician and parent permission forms on file in the school health office.

At such time that a student's medication has expired and at the end of the school year, it will be the responsibility of the parent/guardian to retrieve the student's medication from the school nurse. Be advised that the medication will not be returned home with the student. If the medication has not been retrieved by the parent/guardian by the last day of school, it will be taken to a community medication disposal facility.

In accordance with Council Rock School District policy [210.1](#), students may possess and self-administer prescribed emergency medication and other self-administered medical procedures, tests and/or medications, authorized by the parent/guardian in addition to a written medical order from the student's physician on file in the school health office, where a delay of administration of the medication/medical procedure would jeopardize the student's health or well-being. These medications / medical procedures are limited to an *emergency asthma rescue inhaler*, *emergency epi pen/epi pen jr./AUVI Q epinephrine injection* for severe allergic reactions, and *blood glucose testing equipment*, *insulin injections* for diabetes in accordance with board policy.

A licensed registered nurse employed by the school district shall be the only district employee responsible for the administration of medications. If a licensed registered nurse is unavailable to administer the medication on a time schedule determined by the student's physician, a plan will be developed by the school nurse, and a parent or guardian to ensure that the dosage is administered as close to the recommended time as allowed.

All medications are kept in the health office in a locked cabinet.

Acetaminophen, for which the district has a standing order from the district physician, will be administered with the signed permission of parent or guardian as noted on the Student Demographic Verification Form in grades K-6.

In addition to Acetaminophen, Ibuprofen, for which the district has a standing order from the district physician, will be administered to students in grades 7 thru 12, with the signed permission of parent or guardian as noted on the Student Demographic Verification Form.

Community members and students in all grades are encouraged to take advantage of the library's resources.

L.I.N.C.S. - CR Service Program

Council Rock's Service Learning Program, L.I.N.C.S. (Learning in Neighborhood Community Service) combines hands-on, experiential activities with service and academics. Program is NOT a job-shadowing program and all volunteer work must be done for an organization with IRS-approved tax-exempt status. All L.I.N.C.S. activities must be pre-approved, be completed under the direct supervision of a member of the organization (with submitted clearances), and follow the guidelines posted on [CRHS North](#) + [CRHS South](#) L.I.N.C.S. website. Students must submit pre-approval and verification forms for each agency/activity. All forms must be turned in by May 15 for underclassmen and by May 1 for graduating seniors. Those accumulating 60 hours or more receive special recognition on their transcripts and graduation diplomas. Recent and extensive changes to Act 15 of 2015 have amended provisions of the Child Protective Services Law and those changes directly impact volunteers who are responsible for the a student's welfare or who have "direct volunteer contact" with students. Please read the updated L.I.N.C.S. Guidelines and forms posted on the high school L.I.N.C.S. site carefully.

Your child's scores on these tests will be checked carefully and maintained in the school record as long as your child attends school in this district. Should your child transfer to another school system, you will be notified of the transfer of his or her school record to the new school system.

Should you wish to examine your child's school record at any time, you may arrange to do so by making an appointment with the principal's office.

STUDENT ASSISTANCE PROGRAM

Council Rock's Student Assistance Program (CR CARES) is a multi-disciplinary team that may include teachers, administrators, nurses, social workers, psychologists and counselors. The team is specially trained to understand and work with adolescent drug and alcohol use, abuse or dependency, mental health issues, and other "at risk" behavior. The team's primary role is to identify, intervene and refer when drug or alcohol use, abuse, possession and/or distribution is suspected. The same referral process will be initiated when "at risk" behavior is identified and referred by other professionals. "At risk" behavior is defined as any manifestation of self-destructive behavior. Parents can initiate a referral to the Student Assistance Team by contacting their child's school principal or counselor.

INSTRUCTIONAL SUPPORT

Instructional Support Teams (IST) are in place at each elementary school. Their purpose is to identify student learning needs when academic or behavioral difficulties arise. Special training has been provided to the instructional support teacher and building staff in providing instructional strategies to meet the diverse needs of students. Parents are contributing members of the instructional support process.

Parents or guardians who have concerns about their children should always contact their child's teacher, counselor, or principal. Parents of preschool students should contact the Bucks County Intermediate Unit at 800-770-4822 for information regarding the special needs of students who have not yet reached school age.
