

210. DISPENSATION OF MEDICATIONS/MEDICAL PROCEDURES - Pg. 2

<p>SC 510 Title 22 Sec. 7.13</p> <p>School Code 510, 1402</p>	<p>Except in cases of emergency the only people that shall handle the container shall be licensed, registered nurses. Prior to the administration of any medication, the parent/guardian will be required to provide written consent to the Council Rock School District administration for his/her child to administer the medication/medical procedure, including an acknowledgment when appropriate that the medication may be administered by non-licensed school personnel in the case of an emergency. Immediately following the emergency care, the non-licensed person shall contact the school nurse to report the emergency incident.</p> <p>Emergency personnel may be summoned to treat a student for an emergent condition. The EMTs and paramedics, operating within the rules and procedures of their agency and under the supervision of their medical control, will treat the student as is appropriate to preserve or safeguard life and health.</p> <p>A list of non-prescriptive medication to be used in the schools shall be submitted by the Superintendent, or his/her designee, annually to the school physician for his/her concurrence and approval.</p>
